The Challenge

Awal Pandemi

- Gagap penggunaan platform virtual & fitur-fitur
- Membangun excitement
- Keraguan tentang kualitas pendalaman materi rohani
- Kendala jaringan dan kuota internet
- Sense of social connection yang berbeda

The Challenge

Pertengahan Pandemi

- Kebosanan yang muncul
- Stagnansi jumlah jemaat
- Variasi bentuk ibadah yang tidak banyak berkembang
- Sulit memantau perkembangan spiritual jemaat

The Bright Side

- Fleksibilitas waktu & tempat kehadiran
- Jangkauan jemaat jadi lebih luas (dibantu streaming Youtube)
- Kreativitas pelayanan makin beragam (hybrid system)
- Temuan menggunakan fitur-fitur tambahan
- Muncul pengembangan persekutuan tengah minggu (KTB)
- Melatih disiplin diri
- Kenal teman-teman baru di luar persekutuan
- Bertemu pembicara-pembicara lintas area

The Next Steps

- Melakukan uji coba bertahap ibadah full on-site & hybrid
- Pelatihan pengembangan ibadah kombinasi dengan observasi persekutuan lain yang serupa
- Memilih tema-tema persekutuan yang lebih intriguing, provoking, dan interesting
- Menciptakan acara-acara skala medium dengan persekutuan lain (KKR, seminar, workshop, dsb)
- Melakukan kombinasi kegiatan non ibadah secara offline (olahraga, retreat, hang out, dsb)
